

## Platas por Educación SDSS Acuerdo de la Institución Acogida

### Introducción

El grupo de Compromiso y Educación SDSS ha iniciado un programa mediante el cual la colaboración está distribuido platas enchufables usados SDSS (y con un poster de la imagen SDSS correspondiente a la región en la plata y un paquete de materiales educacional) a escuelas y locaciones educacionales informales.

Este programa se ofrece actualmente gratis, aunque en orden simplificar la distribución, y animar vínculos entre instalaciones educacionales y instituciones SDSS, esta distribución de platas hará principalmente vía instituciones SDSS.

Cualquier Instituciones SDSS (que en este documento definimos como cualesquiera instituciones con científicos están participado en SDSS-IV) está invitado inscribirse participar en este programa.

### Acuerdo

Confirmando que leí y entiendo el proceso de distribución de las platas y querría inscribirse distribuir platas para educación SDSS de mi institución.

Nombre:

Institución SDSS:

## How Does the Plates for Education Program Work?

1. SDSS Institution signs up to participate in program (by joining the [epo@sdss.org](mailto:epo@sdss.org) mailing list and posting this signed form to the list).
2. SDSS Institution arranges to:
  - a. host a CPD/education workshop with local teachers at which the plates will be distributed, and/or
  - b. visit one or more local schools to deliver an activity and/or deliver a plate
3. Teachers/informal educators who accept a plate must agree to have their contact details included in our plate database and be contacted for feedback at a later date. The SDSS Institution takes responsibility for collecting this information and entering it into our database (see below).
4. Plates (in units of 10), and accompanying posters are shipped from the SDSS Plate Lab at the University of Washington to the participating institution in time for the first of the planned distribution activities. The University of Washington will enter the plates as “sent to SDSS institution” into the Plate Database (at: ). SDSS Institutions will cover the shipping costs.
5. SDSS Institution is responsible for printing additional material to accompany plate, including the plate certificate, letter of congratulations, and a variety of customizable activities.
6. After handing out a plate(s), the SDSS institution updates the plate database with teacher/informal educator details and updates plate status to “delivered to destination”.
7. The SDSS Institution are requested to maintain contact with the teacher/informal educator with the plate, and offer to visit (e.g. annually) to support the running of activities based around exploration of the plate and SDSS data.
8. SDSS EPO commits to monitor, assess and obtain feedback on the success of the program which will be sent out to participating SDSS Institutions to include in reports on EPO and/or impact of their research.
